A NEGRO LYNCHED IN AN ILLINOIS TOWN.

TAKEN FROM JAIL BY TWENTY-FIVE MEN AND HANGED IN SIGHT OF HUNDREDS.

Decatur, Ill., June 3 .- Twenty-five men walked into this city of 22,000 inhabitants this morning and strong up a man in the principal street without meeting any opposition. The victim was Samuel Bush, a negro, accused of having attacked two white women. The details of the lynching were sensa-tional from start to maish. Bush was in juil awaiting trial. A guard of twelve men had been put in the jail and an extra force were on duty outside. About 300 curious people were standing around the a rush up Wood-st. They were quiet, had no masks and moved in a solid body. They forced their way through the crowd and knocked on the jail door. Deputy sheriff Midkiff and special Officer Foster, who sat just inside the door, refused them admission. blow from a sledge crushed in the wooden door and the two officers were surrounded. The keys of the jail were demanded, but both officers declared did not have them. The mob then went to work with sledge-hammers and chisels on the outside door. It was solid east-iron, an inch thick. Twenty minute elipsed before it was forced. Meanwhile the crowd of Decatur people stood quietly outside. No one seemed to care much, and there was no talk of resistance. After a half-hour's work the last bars across the corridor were forced, and with them a lock that

A frightened negro inside pointed out Bush's cell-Three men ru-hed in and found it apparently empty. They jerked over the mattress and lifted it up and out tumbled the negro. "Gentlemen, you are killing an innocent man," he said, as he was dragged into the Juli office. So many men stood around that it took five minutes to pull him through the crowd to the street. All this time Bush said nothing, but the crowd yelled excitedly. News of the attack on the jail seemed to have spread over the town, and 1,500 persons were by this time on the scene. lynchers went to a telegraph pole about 600 yards from the fall, one of the most prominent corners in the city and directly in front of the Court House. An arc light made the spot as light as day. A rope made of halter straps had been put around the negro' When the crowd stopped at the foot of the pole he asked for time to pray. The men said: "Give him all the time he wants," and he prayed disconnectedly fully ten minutes, while a thousand people

around him, many jesting. Finally the spectators began to get impatient. A man had climbed half-way up the pole and stood in the glare of the light all the time. "Cut that " He gave those women no time." Others took up the cry, and the rope was passed to He put it over a wire and the crowd pulled. The negro's body swung up into feet from the ground and fell back, the nan uttering no sound. Then a back was driven nto the crowd and the negro was told to stand up-n He refused, but half a dwen hands threw him ap and held him while the rope was then to the cross-arm on the pole. The hack was driven away and the body fell. When the negro had been pronounced dead, the body was cut down by Coroner Bendure, the rope being divided among the crowd. Among the lynchers were William Vest, husband of the second woman maitreated, and Rolla Dill, brother the negro's first victim. This was the first lynch-

THE SALE OF ST. LUKE'S STILL TALKED OF. The sale by Charles A. Seymour of the St. Luke's Hospital property has been the principal topic in real estate circles during the last week. The price paid. \$2,400,000, is said by real estate men to be extraordinarily high, even though the position of the plot of land is taken into consideration. Mr. Seym and all interested still refuse to make known the name of the purchaser, who, it is said, intends to cut the property up Into building lots. All the information that can be secured points to some one not at all prominent in the real estate field as the purchaser. I This purchase has aroused many people to ask why it is that rich people are willing to spend large sums of money in building houses with no grounds around them. It is thought in the real estate field that the purchase of the St. Luke's Hospital property will was built, are on board. This purchase has aroused many people to ask why

EVERY BUILDING IN THE TOWN DAMAGED.
